"Lights, Camera, Action - Hope is Rising!":

Home Alone

This Sunday is Mothering Sunday. In the 9th of our 'Hope is Rising' series, we are especially looking at Acts 20: 17-38. We'll be thinking about those in leadership, and the spiritual health of the 'flock' that

they oversee. Andy will be bringing us this message. There will also be a chance to share communion together, so if you know Jesus as your Lord and Saviour, please have some bread and juice ready. There will be another 'Summary and Going Deeper' sheet available to view and download on Sunday

in the service. The link for the coffee and chat over Zoom is on the back of this notice sheet, and will also be in the service.

We have another Hope Lift for you this Sunday. It's Roy Hubbard, with a wonderful story of how the Holy Spirit touched & changed his life. Well worth watching! We used it for the Alpha group as an introduction to the Holy Spirit day we had on Saturday 6th March, love how God's timing is always spot on.

A Thought from Jo:

So I had a thought the other day - which I have to say is quite something lately! I have had more time over the past few months to contemplate life and just 'be', but actually having a thought that I can put into words has been quite a challenge. However, here I am and here is my thought...

So, as many of you know, the Lord has given Mark & I a heart to immerse ourselves in the local community of Dawlish. We have been working alongside others in the town helping some of the people who need a little extra support. We have spent many hours walking the streets, listening and watching out for anything God might be trying to communicate to us. I know that many of you have similarly been helping others, as well as praying and listening to God during these past 12 months, and that is why I know that you might be willing and able to support this idea. In a nutshell, here it is: "How can we as a church help bring HOPE to Dawlish by shopping locally as much as we can?" Here's my thinking..

1. Many local businesses have been hard hit over the course of the pandemic - so let's help them by using their services and increasing their revenue, bringing hope for their financial futures and keeping Dawlish in business.
2. Whilst doing this, we can help protect the environment by using local services, shops and businesses avoiding the need to drive our cars to other towns & cities. Some of you may even be able to walk into town, bringing hope to the locals who are passionate about loving our planet - after all, don't we worship the One who made it?
3. Most importantly, by staying local, we can meet more of our Dawlish workforce as well as other local customers face-to-face, smiling, having healthy and inspiring conversations - maybe even building on & deepening friendships, bringing hope to their own personal lives (Luke 16:9).

Maybe we can through the Holy Spirit:

to the great and wonderful transforming power of the Gospel of Jesus by the way in which we all become a little more intentionally-engaged with our beautiful little seaside town and its beautiful people.
